

PLANNING CYCLE, MEETINGS, BRIEFINGS, AND THE PLANNING CHART

INITIAL RESPONSE AND ASSESSMENT

The period of initial response and assessment occurs in all incidents. Short-term responses, which are small in scope and/or duration (e.g., a few resources working one operational period) can often be coordinated using only ICS Form 201 (Incident Briefing Form).

Incident Briefing (ICS Form 201)—During the transfer-of-command process, an ICS Form 201-formatted briefing provides the incoming Incident Commander (IC)/Unified Commander (UC) with basic information regarding the incident situation and the resources allotted to the incident. Most importantly, it functions as the Incident Action Plan (IAP) for the initial response and remains in force and continues to develop until the response ends or the Planning Section generates the incident's first IAP. It is also suitable for briefing individuals newly assigned to the Command and General Staff as well as needed assessment briefings for the staff. ICS Form 201 facilitates documentation of response objectives, situational awareness, resource employment and deployment, and significant actions taken. This form is essential for future planning and the effective management of initial response activities.

When: New IC/UC; staff briefing as required

Facilitator: Current IC/UC

Attendees: Prospective IC/UC; Command and General Staff, as required

Agenda

Using ICS Form 201 as an outline; include:

1. Situation (note territory, exposures, safety concerns, etc.; use map/charts).
2. Current priorities.
3. Strategy(s) and tactics.
4. Current organization.
5. Resource assignments.
6. Resources en-route and/or ordered.
7. Facilities established.

INITIAL UNIFIED COMMAND MEETING

The Initial Unified Command Meeting provides UC officials with an opportunity to discuss and concur on important issues before joint incident action planning. The meeting should be brief and important points documented. Before the meeting, parties should have an opportunity to review and prepare to address the agenda items. Planning meeting participants will use the results of this meeting to guide the operational efforts to the first Tactics Meeting.

When: The UC is formed before the first meeting

Facilitator: UC member

Attendees Only ICs who will comprise the UC

Agenda

1. Identify UC.
2. Identify jurisdictional priorities and objectives.
3. Present jurisdictional limitations, concerns, and restrictions.
4. Develop a collective set of incident objectives.
5. Establish and agree on acceptable priorities.
6. Agree on basic organization structure.
7. Designate the best-qualified and acceptable Operations Section Chief (OPS).
8. Agree on General Staff personnel designations and planning, logistical, and financial agreements and procedures.
9. Agree on resource ordering procedures to follow.
10. Agree on cost-sharing procedures.
11. Agree on informational matters.
12. Designate a Unified Command Information Officer (IO).

UNIFIED COMMAND OBJECTIVES MEETING

During the Unified Command Objectives Meeting, the IC/UC will identify/review and prioritize objectives for the next operational period on the ICS Form 202. Objectives from the previous operational period are reviewed and any new objectives are identified.

When: Before the Tactics Meeting

Facilitator: UC member

Attendees: UC members; Command and General Staff as appropriate

Agenda

1. Review/identify objectives for the next operational period (clearly stated and attainable with resources available, yet flexible enough to allow members to choose tactics).
2. Review any open agenda items from initial/previous meetings.

TACTICS MEETING

The Tactics Meeting is a 30-minute meeting that creates the blueprint for tactical deployment during the next operational period. In preparation for the Tactics Meeting, the Planning Section Chief (PSC) and OPS review the first stage of response operations or the current IAP situation status information as provided by the Situation Unit to assess work progress against IAP objectives. The OPS/PSC will jointly develop primary and alternate strategies to meet objectives for consideration at the next Planning Meeting.

When: Before the Planning Meeting

Facilitator: PSC

Attendees: PSC, OPS, Logistics Section Chief (LSC), and Resources Unit Leader (RUL)

Agenda

1. Review the objectives for the next operational period and develop strategies (primary and alternatives).
2. Prepare a draft of ICS Form 215 (used in planning meeting) to identify resources that should be ordered through logistics.

PREPARE FOR THE PLANNING MEETING

During preparation for the Planning Meeting, the Section Chiefs and their associated staff members begin the work of preparing for the upcoming Planning Meeting. Each Section Chief is responsible for ensuring that his or her Planning Meeting responsibilities are met. The PSC should facilitate this to the greatest extent possible to ensure that the material, information, resources, etc., to be used or discussed in the Planning Meeting are organized and prepared. There are to be no surprises in the Planning Meeting.

When: After the Tactics Meeting

Facilitator: PSC

PLANNING MEETING

This meeting defines incident objectives, strategies, and tactics and identifies resource needs for the next operational period. Depending on incident complexity, this meeting should last no longer than 45 minutes. This meeting fine tunes objectives and priorities, identifies and solves problems, and defines work assignments and responsibilities on a completed ICS Form 215 (Operations Planning Worksheet). Displays in the meeting room should include Objectives ICS Form 202 for the next period, large sketch maps or charts clearly dated and timed, a poster-sized ICS Form 215, a current resource inventory prepared by the Resource Unit, and current situation status displays prepared by the Situation Unit.

After the meeting, ICS Form 215 is used by the LSC to prepare the off-incident tactical and logistical resource orders, and used by the PSC to develop IAP assignment lists.

When: After the UC and Tactics Meetings

Facilitator: PSC

Attendees: Determined by IC/UC, generally IC/UC, Command Staff, General Staff, Air Operations Branch Director (Air Ops), the RUL, Safety Officer (SO), and Technical Specialists, as required.

ASSESS PROGRESS

Following the Operations Briefing, all Section Chiefs will review the incident response progress and make recommendations to the IC/UC in preparation for the next UC Objective Meeting for the next operational period. This feedback/information is gathered from various sources, including Field Observers, responder debriefings, stakeholders, etc.

SPECIAL PURPOSE MEETINGS

The Special Purpose meetings are most applicable to larger incidents requiring and Operational Period Planning Cycle, but may be useful during Initial Response and Assessment.

Command Staff Meeting—Coordinate Command Staff functions, responsibilities, and objectives. It is held before the Tactical Meeting. Command Staff (IC/UC, SO, LO, IO) attend.

Command and General Staff Meeting—An opportunity for the Command and General staffs to gather under informal conditions (breakfast/dinner) to discuss developing issues.

Business Management Meeting—This under 30-minute meeting develops and updates the operating plan for finance and logistical support. The agenda could include: documentation issues, cost sharing, cost analysis, finance requirements, resource procurement, and financial summary data. Attendees include: F/ASC, Cost Unit Leader (CUL), LSC, SUL, DUL.

News Briefing—This meeting briefs media and the public on the most current and accurate facts. It is set up by the IO, moderated by a UC spokesperson, and features selected spokespersons. This briefing must be held away from the ICP. Spokespersons should be prepared by the IO to address anticipated issues. The briefing should be well planned, organized, and scheduled to meet the media's needs.
